Talent Acquisition Team
Two Chairs

Re: Client Outreach Specialist – Remote, United States

Dear Talent Acquisition Team,

I am applying for the Client Outreach Specialist role at Two Chairs. For more than 13 years my job has been the one you describe: reaching out to people who need care, understanding what is holding them back, and helping them say "yes." I have done that work fully remotely since 2023.

At Denver Health, I spent ten years as a Care Navigator in cancer prevention. Many of the patients I called were hesitant — worried about cost, unsure about the process, or afraid. I listened, explained things in plain language, removed the barriers I could, and followed up until they completed screening and treatment. I was also the public face of our GI cancer prevention program for Spanish-speaking communities, on TV and at community events, bringing new people into care. That work earned me the American Cancer Society's national Lane Adams Quality of Life Award.

From 2023 to 2025 at Activate Care, I engaged patients entirely by phone and digital tools, screening for needs and connecting them to resources. Most recently, at MedicaidSoft, I reviewed Medicaid eligibility documents and tracked every case in Zoho. I am comfortable in CRMs, patient portals, and Epic, and I keep accurate, timely records in high-volume workflows.

Mental health care is new territory for me, but the skills are the same: trust, patience, and making the next step feel possible. Your mission to expand access to high-quality mental health care is one I would be proud to support. I am a U.S. citizen, available full-time on your 9:00 a.m.–5:00 p.m. Pacific schedule, and currently based in Brazil — I would be glad to discuss how that fits with your team.

Thank you for your time and consideration. I would welcome the chance to talk.

Sincerely,
Diogo Barbosa
