PROFESSIONAL SUMMARY

Patient outreach and navigation professional with 13+ years of helping people get into care in the U.S. healthcare system — fully remote since 2023. Skilled at reaching out to hesitant or hard-to-reach patients, understanding what is holding them back, and guiding them to take the next step. Uses motivational interviewing and clear, simple language to build trust quickly. Experienced in eligibility paperwork, accurate CRM and EHR documentation (Epic, Zoho), and high-volume caseloads. Available full-time, 9:00 a.m.–5:00 p.m. Pacific.

CORE SKILLS

- **Outreach & Enrollment:** Outbound calls, follow-up, guiding people to book and keep appointments, addressing hesitation
- **Patient Engagement:** Motivational interviewing, empathy, de-escalation, building trust with underserved communities
- **Navigation:** Identifying barriers to care (cost, language, logistics) and resolving them; resource connection
- **Eligibility & Documentation:** Medicaid eligibility documents, accurate and timely records in Epic EHR, Zoho, and CRM platforms
- **Communication:** Simplifying complex healthcare information; English, Spanish, Portuguese
- **Tools:** Epic EHR, Zoho, CRM platforms, patient portals, Microsoft 365, Google Workspace, AI tools (ChatGPT, Claude)

PROFESSIONAL EXPERIENCE

MedicaidSoft – Remote Medicaid Specialist (Freelance) | Jun 2026 – Oct 2026

- Reviewed applicant documents for Medicaid long-term care eligibility, checking each file for completeness and accuracy before submission
- Point of contact for nursing home staff — answered questions, requested missing documents, and followed up until each application moved forward
- Tracked every case and communication in Zoho; used AI tools (ChatGPT, Claude) daily to work faster

Activate Care – Denver, CO (Remote) Community Health Advisor | 2023 – 2025

- Engaged patients remotely by phone and digital tools, building trust and guiding them through healthcare and social service systems
- Conducted needs screenings (SDOH), identified what was keeping people from care, and connected them to resources
- Documented every interaction accurately and on time to meet billing compliance and service standards
- Identified gaps in protocols and worked with leadership to improve them

Denver Health – Denver, CO Care Navigator | 2012 – 2022

- Guided patients through financial, language, and logistical barriers so they could complete cancer screening and treatment
- Public face of the GI Cancer prevention program for Spanish-speaking communities — TV interviews and community events to bring people into care

- Managed a high-volume caseload; primary point of contact for complex cases between patients, clinicians, and community partners
- Redesigned intake and navigation workflows for Gastrointestinal Cancer treatment, which became the department standard for patient flow
- Trained and mentored junior navigators on workflows and documentation in Epic EHR
- Earned the national **Lane Adams Quality of Life Award** (American Cancer Society, 2019)
